

Energy Storage in ERCOT

Public Utility Law Section
Annual Meeting

Jeff Billo

Senior Manager, Transmission Planning
ERCOT, Inc.

August 10, 2018

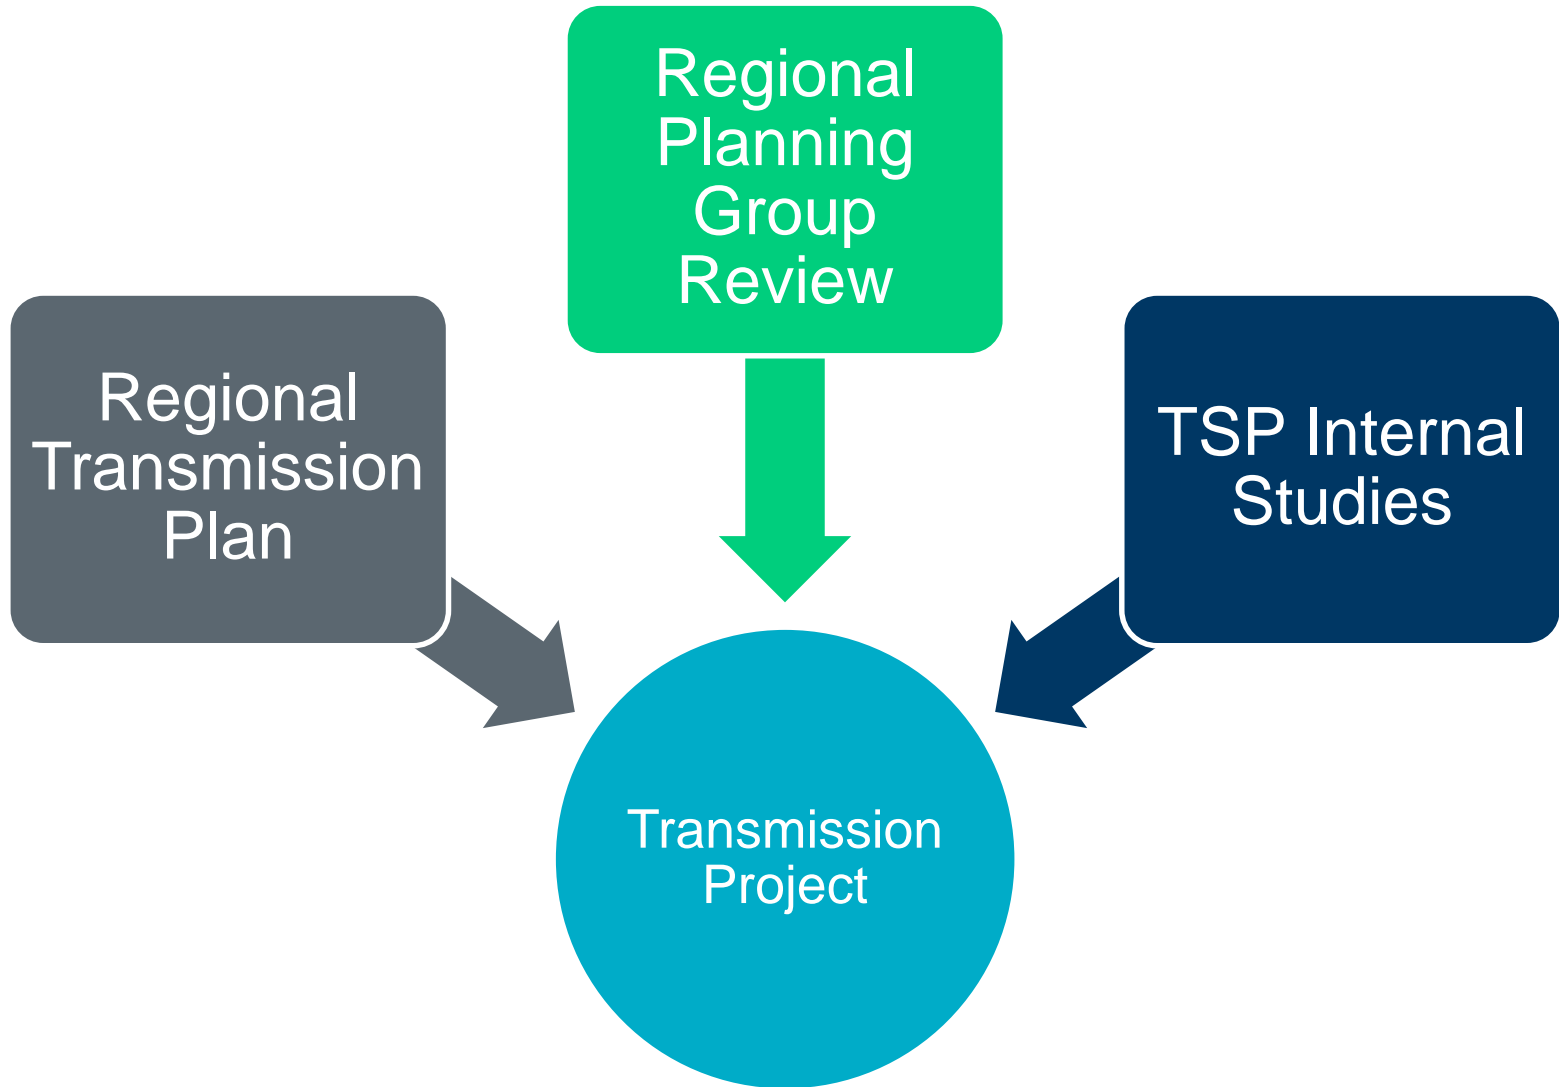

Registered Battery Projects in ERCOT

Project Name	Rating (MW)
Blue Summit Battery	30
Inadale ESS	9.9
Notrees Battery Facility	36
OCI Alamo 1	1
Pyron ESS	9.9
TOS Battery Storage	2

Future Potential Resources

Fuel Type	Screening Study (MW)	Full Interconnection Study (MW)	Interconnection Agreement (MW)	Total (MW)
Gas	3,292	2,825	5,461	11,578
Wind	7,624	18,046	12,027	37,697
Battery	322	200	0	522
Solar	8,186	19,318	2,551	30,055
Total	19,424	40,389	20,039	79,852

Genesis of a Transmission Project

Challenges for Non-wires Alternatives

- ERCOT/ TSPs only have authority to recommend transmission projects
- Project commitment and accountability
- Operator dispatch control and visibility
- Predictability
